## Introduction

The American Recovery and Re-investment Act of 2009 was enacted on February 17, 2009. This act provides for incentive payments to Eligible Professionals (EP), Eligible Hospitals (EH), and Critical Access Hospitals to promote the adoption and meaningful use of interoperable health information technology and qualified electronic health records (EHR).

The Medical Assistance Provider Incentive Repository (MAPIR) is a Web-based program administered by state Medicaid programs that allows Eligible Professionals and Eligible Hospitals to apply for incentive payments to help defray the costs of a certified EHR system.

Per the final federal rule, Eligible Hospitals under the Medicaid EHR Incentive Program include:

- Acute Care Hospital are those hospitals with an average patient length of stay of 25 days or fewer, and with a Centers for Medicare and Medicaid Programs (CMS) Certification Number (CCN) that falls in the range 0001-0879 or 1300-1399.
- Separately certified children's hospitals with CCNs in the 3300 – 3399 range.

To qualify for an incentive payment under the Medicaid EHR Incentive Program, an Eligible Hospital must have a minimum 10% Medicaid patient volume requirement. Children's hospitals do not have patient volume requirements.

---

**Note**

Children's Health Insurance Program (CHIP) patients do not count toward the Medicaid patient volume criteria.

---

To apply for the Medicaid EHR Incentive Payment Program, Eligible Hospitals must first register at the CMS Medicare and Medicaid EHR Incentive Program Registration and Attestation System (R&A). Once registered, they can submit an application and attest online using MAPIR.

This manual provides step-by-step directions for using MAPIR and submitting your application to the Medicaid EHR Incentive Payment Program [STATE MAY WANT TO BE MORE SPECIFIC].

## Before You Begin

There are several pre-requisites to applying for state Medicaid EHR Incentive payments using MAPIR.

1. Complete your CMS Medicare & Medicaid EHR Incentive Program Registration and Attestation System (R&A) registration.
2. Identify one individual from your organization who will be responsible for completing the MAPIR application and attestation information. This person can also serve as a contact point for state Medicaid communications.
3. Gather the necessary information to facilitate the completion of the application and attestation process.

---

**Important**

If you encounter issues with the way the MAPIR screens display, such as extra lines in tables, you may be running your browser in compatibility mode. To remove the MAPIR site from compatibility mode, in your browser go to Tools and select Compatibility View Settings. Select entries that reference "MAPIR" in the URL path from the list and click Remove. [STATES TO MODIFY THIS MESSAGE IF THEIR SITE IS NOT LABELED "MAPIR" IN THE URL PATH]

---

## Complete your R&A registration.

You must register at the [CMS Medicare and Medicaid EHR Incentive Program Registration and Attestation System](#) (also known as R&A) website before accessing MAPIR. If you access MAPIR and have not completed this registration, you will receive the following screen:

MAPIR

Name: Not Available

Applicant NPI: Not Available

Status: **Not Registered at R&A**

---

Our records indicate that you have not registered at the CMS Medicare & Medicaid EHR Incentive Program Registration and Attestation System (R&A).

You must register at the R&A prior to applying for the Medicaid EHR Incentive Program. Please click [here](#) to access the R&A registration website.

If you have successfully completed the R&A registration, please contact the <state> for assistance.

Please access the federal Web site below for instructions on how to do this or to register.

*For general information regarding the Incentive Payment Program:*  
<http://www.cms.gov/EHRIncentivePrograms>

*To register:*  
<https://ehrincentives.cms.gov/hitech/login.action>

You will not be able to start your MAPIR application process unless you have successfully completed this federal registration process. Once MAPIR has received and matched your provider information, you will receive an email to begin the MAPIR application process. Please allow at least two days from the time you complete your federal registration before accessing MAPIR due to the necessary exchange of data between these two systems.

## Changes to your R&A Registration

Please be aware that when accessing your R&A registration information, should any changes be initiated but not completed, the R&A may report “Registration in Progress”. This will result in your application being placed in a hold status within MAPIR until the R&A indicates that any pending changes have been finalized. You must complete your registration changes on the R&A website prior to accessing MAPIR or certain capabilities will be unavailable. For example, it will not be possible to submit your application, create a new application, or abort an incomplete application. If you access MAPIR to perform the above activities and have not completed your registration changes, you will receive the following screen.

Payment Year
Program Year

MAPIR

**Name:**

**Applicant NPI:**

**Status:** Registration In Progress

---

**IMPORTANT:**

Our records indicate that your registration is in progress at the CMS Medicare and Medicaid EHR Incentive Payment Program Registration and Attestation System (R&A) and you must complete that registration process before you can access your application here.

The R&A website [https://www.cms.gov/EHRIncentivePrograms/20\\_RegistrationandAttestation.asp](https://www.cms.gov/EHRIncentivePrograms/20_RegistrationandAttestation.asp) will have instructions on how to save your registration after a modification.

You must choose “Submit Registration” at the R&A after you have reviewed and confirmed the information is correct.

Please allow 24 to 48 hours after saving your registration at the R&A before accessing your EHR Medicaid Incentive application.

If you have successfully completed the CMS R&A registration, please contact <state defined ID> for assistance.

Should the R&A report your registration as “In Progress” and an application be incomplete or under review (following the application submission), MAPIR will send an email message reporting that such notification has been received if a valid email address was provided by either the R&A, or by the provider on the incentive application in MAPIR. Please allow at least two days from the time you complete your federal registration changes before accessing MAPIR due to the necessary exchange of data between these two systems.

## Identify one individual to complete the MAPIR application.

MAPIR is accessed through the secure provider portal [STATE SHOULD UPDATE WITH NAME OF THEIR STATE-SPECIFIC PORTAL]. Once an individual has started the MAPIR application process with their Internet/portal account, they cannot switch to another account during that program year. MAPIR will allow the user to save the information entered and return later to complete an application; however, only the same individual’s Internet/portal account will be permitted access to the application after it has been started.

**Gather the necessary information to facilitate the completion of the required data.**

MAPIR will request specific information when you begin the application process. To facilitate the completion of the application, it is recommended that you review [STATE- SPECIFIC DIRECTION MAY BE ADDED HERE OR DIRECTION TO A WEBSITE OR INFORMATION THEY SHOULD REFERENCE] to understand what information will be required. At a minimum, you should have the following information available:

- Information submitted to the R&A
- Medicaid Patient Volume and associated timeframes
- The CMS EHR Certification ID that you obtained from the ONC Certified Health IT Product List (CHPL) Web site (<https://chpl.healthit.gov/>).

## Using MAPIR

MAPIR uses a tab arrangement to guide you through the application. You must complete the tabs in the order presented. You can return to previous tabs to review the information or make modifications until you submit the application. You cannot proceed without completing the next tab in the application progression, with the exception of the Get Started and Review tabs which you can access anytime.

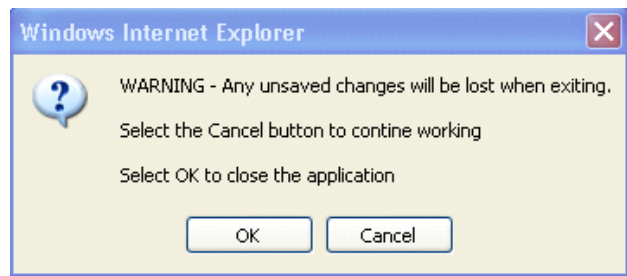

Once you submit your application, you can no longer modify the data. It will only be viewable through the Review tab. Also, the tab arrangement will change after submission to allow you to view status information.

As you proceed through the application process, you will see your identifying information such as Name, National Provider Identifier (NPI), CMS Certification Number, Tax Identification Number (TIN), Payment Year, and Program Year at the top of most screens. This is information provided by the R&A.

A **Print** link is displayed in the upper right-hand corner of most screens to allow you to print information entered. You can also use your Internet browser print function to print screen shots at any time within the application.

There is a **Contact Us** link with contact instructions should you have questions regarding MAPIR or the Medicaid Incentive Payment Program.

Most MAPIR screens display an **Exit** link that closes the MAPIR application window. If you modify any data in MAPIR without saving, you will be asked to confirm if the application should be closed (as shown to the right).

You should use the **Save & Continue** button on the screen before exiting or data entered on that screen will be lost.

The **Previous** button always displays the previous MAPIR application window without saving any changes to the application.

Previous

The **Reset** button will restore all unsaved data entry fields to their original values.

Reset

The **Clear All** button will remove standard activity selections for the screen in which you are working.

Clear All

A red asterisk (\*) indicates a required field. Help icons located next to certain fields display help content specific to the associated field when you hover the mouse over the icon.

### Note

Use the MAPIR Navigation buttons in MAPIR to move to the next and previous screens. Do not use the browser buttons as this could result in unexpected results.

As you complete your incentive application you may receive validation messages requiring you to correct the data you entered. These messages will appear above the navigation button. See the Additional User Information section for more information.

Many MAPIR screens contain help icons  to give the provider additional details about the information being requested. Moving your cursor over the  will reveal additional text providing more details.

Fiscal Year	Total Discharges	Inpatient Bed Days	Total Charges - All Discharges	Total Charges - Charity Care
10/01/2009-09/30/2010	*10890		* \$ 109878943	* \$ 10990988
10/01/2008-09/30/2009	*8870			

For each reporting fiscal year, enter the total number of inpatient discharges for all patients regardless of health insurance coverage for all locations listed

## Step 1 – Getting Started

Log in to the state Medicaid portal and locate the **MAPIR** link.

Click the link to access the **MAPIR** screen.

The screen below, the Medicaid EHR Incentive Program Participation Dashboard, is the first screen you will see when you begin the MAPIR application process.

This screen displays your incentive applications. The incentive applications that you are eligible to apply for are enabled. Your incentive applications that are in a Completed status are also enabled; however, you may only view these applications.

The **Stage** is automatically associated with a stage of Meaningful Use that is required by the current CMS rules, or by the rules that were in effect at the time when the application was submitted. This column displays the Stage and Attestation Phase attained by the current and previous applications. The Stage column will be blank for incentive applications in a Not Started status.

If you are in Program Year 2014 and have already attested to two years of Stage 1 Meaningful Use, you may have the option of attesting to a third year of Stage 1 Meaningful Use.

You must attest to two years of Stage 1 Meaningful Use before proceeding to Stage 2 Meaningful Use, and three years of Stage 1 if you have attested to Meaningful Use in Program Year 2011. You must then proceed to attest to two years of Stage 2 Meaningful Use.

If it is your first year participating (Payment Year 1), the Stage column will be blank. Once you have submitted the incentive application, the Stage column will display Adoption, Implementation, Upgrade, or Meaningful Use.

If it is not your first year participating (Payment Year greater than 1), the Stage column will only display the Stage, not the Attestation Phase, until you submit the incentive application.

---

**Note**

MAPIR will only load and store Payment Years greater than 6.

---

If you are a Dually Eligible hospital, the Stage column will display Adoption, Implementation, Upgrade, or Meaningful Use.

The **Status** will vary, depending on your progress with the incentive application. The first time you access the system the status should be **Not Started**.

From this screen you can choose to edit and view incentive applications in an Incomplete or Not Started status. You can only view incentive applications that are in a Completed, Denied, or Expired status. Also from this screen, you can choose to abort an incentive application that is in an Incomplete status. When you click **Abort** on an incentive application, all progress will be eliminated for the incentive application.

When an incentive application has completed the payment process, the status will change to **Completed**.

The screen on the following page displays an EH that is in the second year of Stage 1 Meaningful Use.

Select an application and click **Continue**.

If you have a [State-to-State Switch](#) or [Program Switch](#) incentive application proceed to page 19.

[Contact Us](#) [Exit](#)

MAPIR

### Medicaid EHR Incentive Program Participation Dashboard

NPI

TIN

CCN

(\*) Red asterisk indicates a required field.

*Application (Select to Continue)	Stage	Status	Payment Year	Program Year	Incentive Amount	Available Actions
<input type="radio"/>	Upgrade	Completed	1	2013	\$18,189.02	Select the "Continue" button to view this application.
<input type="radio"/>	Stage 1 Meaningful Use 90 Days	Completed	2	2016	\$10,913.41	Select the "Continue" button to view this application.
<input type="radio"/>	Stage 3 Meaningful Use 90 Days	Completed	3	2017	\$3,637.80	Select the "Continue" button to view this application.
<input type="radio"/>		Not Started	4	2018	Unknown	Select the "Continue" button to begin this application.
<input checked="" type="radio"/>	Future	Future	4	Future	Unknown	None at this time

You are in the grace period for program year 2018 which began on 01/01/2019 and ends on 12/31/2019. The grace period extends the amount of time to submit an application for the previous program year. You have the option to choose the previous program year or the current program year.

<The text on this section of the page would be replaced by actual content that the hosting state may specify as static HTML.>

[Continue](#)

**Note 1**

A state may allow a grace period which extends the specific Payment Year for a configured length of time. If two applications are showing for the same Payment Year, but different Program Years, one of your incentive applications is in the grace period. In this situation, the following message will display at the bottom of the screen.

*You are in the grace period for program year <Year> which began on <Date> and ends on <Date>. The grace period extends the amount of time to submit an application for the previous program year. You have the option to choose the previous program year or the current program year.*

You may only submit an application for one Program Year so once you select the application, the row for the application for the other Program Year will no longer display. If the incentive application is not completed by the end of the grace period, the status of the application will change to Expired and you will no longer have the option to submit the incentive application for that Program Year.

**Note 2**

According to the Federal Rule, hospitals must have a completed application on file for Program Year 2016 in order to continue their participation in the incentive payment program. Beginning with Program Year 2017, you will no longer be permitted to skip program years, therefore, you are required to complete applications for consecutive program years. If you skip a program year, the subsequent years for 2017 and higher will no longer be available on the dashboard.

The R&A Not Registered or In Progress screen displays a status of *Not Registered at R&A* to indicate that you have not registered at the R&A, or the information provided during the R&A registration process does not match that on file with the state Medicaid Program. A Status of *Registration In Progress* indicates that you have initiated but not completed R&A registration changes. If you feel this status is not correct you can click the Contact Us link in the upper right for information on contacting the state Medicaid program office. A status of *Not Started* indicates that the R&A and state MMIS information have been matched and you can begin the application process.

The **Status** will vary, depending on your progress with the application. The first time you access the system the status should be **Not Started**.

For more information on statuses, refer to the [Additional User Information](#) section later in this guide.

Enter the 15-character **CMS EHR Certification ID**.

Click **Next** to review your selection. Click **Reset** to restore this panel back to the starting point. Click **Exit** to exit MAPIR.

The system will perform an online validation of the CMS EHR Certification ID you entered. The attestation options available will be based on the characters in positions 3-5 of your CEHRT ID.

**Note**

A CMS EHR Certification ID can be obtained from the Office of the National Coordinator (ONC) Certified Health IT Product List (CHPL) website (<https://chpl.healthit.gov/>)

GET STARTED SPLASH BOTTOM LEFT PANEL: The text in this section of the page would be replaced by actual content that the hosting state may specify as static HTML.

## Step 2 – Confirm R&A and Contact Info

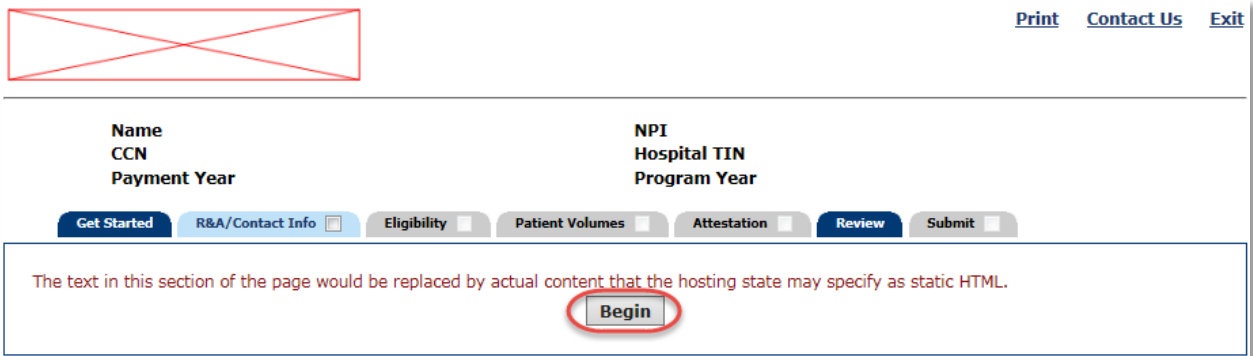

When you completed the R&A registration, your registration information was sent to the state Medicaid program. This section will ask you to confirm the information sent by the R&A and matched with the state Medicaid program information. It is important to review this information carefully. The R&A information can only be changed at the R&A but Contact Information can be changed at any time prior to application submission.

The initial **R&A/Contact Info** screen contains information about this section.

Click **Begin** to access the **R&A/Contact Info** screen to confirm information and to enter your contact information.

[SPLASH PAGE CODE FILE NAME:

/mapir-public/WebContent/resources/template/static/hosp/nlrContactInfoSplashInclude.xhtml]

See the Using MAPIR section of this guide for information on using the **Print**, **Contact Us**, and **Exit** links.

Check your information carefully to ensure all of it is accurate.

Compare the R&A Registration ID you received when you registered with the R&A with the **R&A Registration ID** that is displayed.

After reviewing the information click **Yes** or **No**.

Click **Save & Continue** to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel back to the starting point. The Reset button will not reset the R&A information. If the R&A information is incorrect you will need to return to the R&A website to correct it.

The **Patient Volumes** section of the application is now available.  
Before submitting your application, please review the information that you have provided in this section, and all previous sections.

**Continue**

## Step 4 – Patient Volumes

The Patient Volumes section gathers information about your facility locations, the 90-day period you intend to use for reporting the Medicaid patient volume requirement, and the actual patient volumes. Additionally, you will be asked about how you utilize your certified EHR technology.

There are three parts to the Patient Volumes section:

- Part 1 of 3 establishes the 90-day period for reporting patient volumes.
- Part 2 of 3 contains screens to enter locations for reporting **Medicaid Patient Volumes** and at least one location for **Utilizing Certified EHR Technology**, adding locations, and entering patient volumes for the chosen reporting period.
- Part 3 of 3 contains screens to enter your **Hospital Cost Report Data** information. This information will be used to calculate your hospital incentive payment amount.

*Children’s hospitals (separately certified children’s hospitals with CCNs in the 3300 – 3399 range) are not required to meet the 10% Medicaid patient volume requirement. Based on a hospital’s CCN, MAPIR will bypass these patient volume screens.*

The initial **Patient Volumes** screen contains information about this section.

If you represent a Children’s Hospital, click **Begin** to go to the **Hospital Cost Report Data – Fiscal Year (Part 3 of 3)**, section in this guide, to bypass entering patient volumes and adding locations.

If you represent an Acute Care or Critical Access Hospital, click **Begin** to proceed to the **Patient Volume 90 Day Period (Part 1 of 3)** screen.

### Hospital Cost Report Data – Fiscal Year (Part 3 of 3)

The following screens will request hospital cost data. This information will be used to calculate your hospital incentive payment amount. The total hospital incentive payment is calculated in your first payment year and distributed over the number of years defined by the state Medicaid program. To receive subsequent year payments you must attest to the eligibility requirements, patient volume requirements (except Children’s hospitals), and meaningful use each year.

Enter the **Start Date** of the hospital fiscal year that ends during the Federal fiscal year prior to the fiscal year that serves as the first payment year, or select one from the calendar icon located to the right of the Start Date field.

## Change Hospital Cost Report Data

When you have applied since the start of the program in the same state and your payment year is 2 or higher, MAPIR allows you to revise previously entered hospital cost report data. The Hospital Cost Report Data screen will display the data from the previously paid application. The revised hospital cost report data that you enter will be referenced when MAPIR calculates your total EHR incentive amount, overriding any amount for previous years. When viewing any previous applications, MAPIR will continue to display the cost report data that was entered originally for reference purposes only. The fiscal years entered on the payment year 1 application cannot be changed.

From the Hospital Cost Report Data screen, click **Change Data**.

Previous   Save & Continue   Change Data

Once you have submitted the application, MAPIR recalculates the incentive payment for that year based on the revised hospital cost data as well as the remaining payments. If the new calculation results in a revised payment for the current year, you will receive a payment for the revised amount.

This screen confirms you successfully completed the **Patient Volumes** section.

Note the check box in the **Patient Volumes** tab.

Click **Continue** to proceed to the **Attestation** section.

You have now completed the **Patient Volumes** section of the application.

You may revisit the section at any time to make corrections until such time as you actually **Submit** the application.

The **Attestation** section of the application is now available.

Before submitting your application, please review the information that you have provided in this section, and all previous sections.

**Continue**

## Step 5 – Attestation

This section will ask you to provide information about your EHR System Adoption Phase. The Adoption phase for 2018 is Meaningful Use.

This initial Attestation screen provides information about this section.

**Note**

The Adoption, Implementation, and Upgrade phases are not available in 2018.

Click **Begin** to continue to the Attestation section.

### Meaningful Use Phase

Select an EHR System Adoption Phase for reporting Meaningful Use of Certified EHR Technology. The selections available to you will depend on the CEHRT ID entered.

MAPIR will display the applicable stage options available unless a default has been set.

The default for Program Year 2018 is set to Meaningful Use (90 days).

Click **Save & Continue** to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.

The screenshot shows a web interface for the 'Attestation Phase (Part 1 of 3)'. At the top, there are input fields for 'Name', 'Applicant NPI', 'Personal TIN/SSN', 'Payment Year', 'Payee TIN', and 'Program Year'. Below these are navigation buttons: 'Get Started', 'R&A/Contact Info' (checked), 'Eligibility' (checked), 'Patient Volumes' (checked), 'Attestation' (active), 'Review', and 'Submit'. The main content area is titled 'Attestation Phase (Part 1 of 3)' and contains the instruction: 'Please select the appropriate EHR System Adoption Phase below. The selection that you make will determine the questions that you will be asked on subsequent pages.' A light blue box contains the text: 'When ready click the **Save & Continue** button to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.' Below this, a radio button is selected for 'Meaningful Use (90 days)', with a help icon. The description for this option reads: 'You are capturing meaningful use measures using certified EHR technology at locations where at least 50% of the patient encounters are provided.' At the bottom of the form are three buttons: 'Previous', 'Reset', and 'Save & Continue', with the latter circled in orange.

The Attestation EHR Reporting Period (Part 1 of 3) screen will display the 90-day period and the full year period. For Program Year 2018 or higher incentive applications, the default EHR Reporting Period will be a continuous 90-day period.

**Note**

The Attestation EHR Reporting Period for Program Year 2016 and before will display the 90-day period or the full year period, depending on the selection made on the previous screen.

Enter a Start Date or use the calendar located to the right of the **Start Date** field.

Click **Save & Continue** to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.

Did you and your organization respond in good faith and in a timely manner to requests to retrieve or exchange electronic health information, including from patients, health care providers (as defined by 42 U.S.C. 300jj(3)), and other persons, regardless of the requestor's affiliation or technology vendor?</p>			<p style="text-align: center;"><b>EDIT</b></p>
--	---	--	--	--

Figure 0-4: Meaningful Use Objective List Table (Part 2 of 4)

Objective 1	Protect electronic protected health information (ePHI) created or maintained by the Certified EHR Technology through the implementation of appropriate technical capabilities.	Conduct or review a security risk analysis in accordance with the requirements in 45 CFR 164.308(a)(1), including addressing the security (to include encryption) of ePHI created or maintained by Certified EHR Technology in accordance with requirements under 45 CFR 164.312(a)(2)(iv) and 45 CFR 164.306(d)(3), and implement security updates as necessary and correct identified security deficiencies as part of the eligible hospital or CAH's risk management process.	<a href="#">EDIT</a>
Objective 2	Use clinical decision support to improve performance on high priority health conditions.	Implement five clinical decision support interventions related to four or more clinical quality measures at a relevant point in patient care for the entire EHR reporting period. Absent four clinical quality measures related to an eligible hospital or CAH's scope of practice or patient population, the clinical decision support interventions must be related to high priority health conditions. The eligible hospital or CAH has enabled and implemented the functionality for drug-drug and drug-allergy interaction checks for the entire EHR reporting period.	<a href="#">EDIT</a>
Objective 3	Use computerized provider order entry for medication, laboratory, and radiology orders directly entered by any licensed healthcare professional who can enter orders into the medical record per state, local, and professional guidelines.	More than 60 percent of medication orders created by the authorized providers of the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period are recorded using computerized provider order entry. More than 30 percent of laboratory orders created by the authorized providers of the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period are recorded using computerized provider order entry. More than 30 percent of radiology orders created by the authorized providers of the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period are recorded using computerized provider order entry.	<a href="#">EDIT</a>
Objective 4	Generate and transmit permissible discharge prescriptions electronically (eRx).	More than 10 percent of hospital discharge medication orders for permissible prescriptions (for new and changed prescriptions) are queried for a drug formulary and transmitted electronically using Certified EHR Technology.	<a href="#">EDIT</a>

Figure 0-5: Meaningful Use Objective List Table (Part 3 of 4)

Objective 5	The eligible hospital or CAH who transitions their patient to another setting of care or provider of care or refers their patient to another provider of care provides a summary of care record for each transition of care or referral.	The eligible hospital or CAH that transitions or refers their patient to another setting of care or provider of care must (1) use Certified EHR Technology to create a summary of care record; and (2) electronically transmit such summary to a receiving provider for more than 10 percent of transitions of care and referrals.	<input type="button" value="EDIT"/>
Objective 6	Use clinically relevant information from Certified EHR Technology to identify patient-specific education resources and provide those resources to the patient.	More than 10 percent of all unique patients admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period are provided patient-specific education resources identified by Certified EHR Technology.	<input type="button" value="EDIT"/>
Objective 7	The eligible hospital or CAH that receives a patient from another setting of care or provider of care or believes an encounter is relevant performs medication reconciliation.	The eligible hospital or CAH performs medication reconciliation for more than 50 percent of transitions of care in which the patient is admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23).	<input type="button" value="EDIT"/>
Objective 8	Provide patients the ability to view online, download, and transmit their health information within 36 hours of hospital discharge.	More than 50 percent of all unique patients who are discharged from the inpatient or emergency department (POS 21 or 23) of an eligible hospital or CAH are provided timely access to view online, download, and transmit to a third party their health information. More than 5 percent of unique patients discharged from the inpatient or emergency department (POS 21 or 23) of an eligible hospital or CAH (or patient-authorized representative) view, download, or transmit to a third party their information during the EHR reporting period.	<input type="button" value="EDIT"/>

**(\*) Red asterisk indicates a required field.**

**Activities related to supporting providers with the performance of Certified EHR Technology:**

\*1. Do you and your organization acknowledge the requirement to cooperate in good faith with ONC direct review of your health information technology certified under the ONC Health IT Certification Program if a request to assist in ONC direct review is received?  
 Yes  No

\*2. Did you or your organization receive a request for an ONC direct review of your health information technology certified under the ONC Health IT Certification Program?  
 Yes  No

If you answered No on the question above, the below question is not applicable and should be left blank.

If yes, did you and your organization cooperate in good faith with ONC direct review of your health information technology certified under the ONC Health IT Certification Program as authorized by 45 CFR part 170, subpart E, to the extent that such technology meets (or can be used to meet) the definition of Certified EHR Technology, including by permitting timely access to such technology and demonstrating its capabilities as implemented and used by you in the field?  
 Yes  No

\*3. In addition, do you and your organization acknowledge the option to cooperate in good faith with ONC-ACB surveillance of your health information technology certified under the ONC Health IT Certification Program if a request to assist in ONC-ACB surveillance is received?  
 Yes  No  Decline to answer

\*4. Did you or your organization receive a request to assist in ONC - ACB surveillance of your health information technology certified under the ONC Health IT Certification Program?  
 Yes  No  Decline to answer

If you answered No or Decline to Answer on the question above, the below question is not applicable and should be left blank.

If yes, did you and your organization cooperate in good faith with ONC-ACB surveillance your health information technology certified under the ONC Health IT Certification Program as authorized by 45 CFR part 170, subpart E, to the extent that such technology meets (or can be used to meet) the definition of Certified EHR Technology, including by permitting timely access to such technology and demonstrating capabilities as implemented and used by you in the field?  
 Yes  No  Decline to answer

**Actions related to supporting information exchange and the prevention of health information blocking:**

\*1. Did you or your organization knowingly and willfully take action (such as to disable functionality) to limit or restrict the compatibility or interoperability of Certified EHR Technology?  
 Yes  No

\*2. Did you and your organization implement technologies, standards, policies, practices, and agreements reasonably calculated to ensure, to the greatest extent practicable and permitted by law, that the Certified EHR Technology was, at all relevant times:

(i) Connected in accordance with applicable law;  
 Yes  No

(ii) Compliant with all standards applicable to the exchange of information, including the standards, implementation specifications, and certification criteria adopted at 45 CFR part 170;  
 Yes  No

(iii) Implemented in a manner that allowed for timely access by patients to their electronic health information;  
 Yes  No

(iv) Implemented in a manner that allowed for the timely, secure, and trusted bi-directional exchange of structured electronic health information with other health care providers (as defined by 42 U.S.C. 300j(3)), including unaffiliated providers, and with disparate Certified EHR Technology and vendors.  
 Yes  No

\*3. Did you and your organization respond in good faith and in a timely manner to requests to retrieve or exchange electronic health information, including from patients, health care providers (as defined by 42 U.S.C. 300j(3)), and other persons, regardless of the requestor's affiliation or technology vendor?  
 Yes  No

When ready click the **Save & Continue** button to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.

**(\*) Red asterisk indicates a required field.**

Objective: Use clinical decision support to improve performance on high priority health conditions.

**Measure 1:** Implement five clinical decision support interventions related to four or more clinical quality measures at a relevant point in patient care for the entire EHR reporting period. Absent four clinical quality measures related to an eligible hospital or CAH's scope of practice or patient population, the clinical decision support interventions must be related to high priority health conditions.

\*Did you meet this measure?  
 Yes  No

**Measure 2:** The eligible hospital or CAH has enabled and implemented the functionality for drug-drug and drug-allergy interaction checks for the entire EHR reporting period.

**i** Click [HERE](#) to review CMS Guidelines for this measure.

When ready click the **Save & Continue** button to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.

**(\*) Red asterisk indicates a required field.**

Objective: Use computerized provider order entry for medication, laboratory, and radiology orders directly entered by any licensed healthcare professional who can enter orders into the medical record per state, local, and professional guidelines.

**\* PATIENT RECORDS:** Please select whether the data used to support the measure was extracted from ALL patient records or only from patient records maintained using Certified EHR Technology.

This data was extracted from ALL patient records not just those maintained using Certified EHR Technology.

This data was extracted only from patient records maintained using Certified EHR Technology.

**Measure 1:** More than 60 percent of medication orders created by the authorized providers of the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period are recorded using computerized provider order entry.

**Numerator 1:** The number of orders in the denominator recorded using CPOE.  
**Denominator 1:** Number of medication orders created by the authorized providers in the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period.

**\* Numerator 1:**       **\* Denominator 1:**

**Measure 2:** More than 30 percent of laboratory orders created by the authorized providers of the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period are recorded using computerized provider order entry.

**Numerator 2:** The number of orders in the denominator recorded using CPOE.  
**Denominator 2:** Number of laboratory orders created by the authorized providers in the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period.

**\* Numerator 2:**       **\* Denominator 2:**

**Measure 3:** More than 30 percent of radiology orders created by the authorized providers of the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period are recorded using computerized provider order entry.

**Numerator 3:** The number of orders in the denominator recorded using CPOE.  
**Denominator 3:** Number of radiology orders created by the authorized providers in the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period.

**(\*) Red asterisk indicates a required field.**

Objective:    Generate and transmit permissible discharge prescriptions electronically (eRx).

Measure:     More than 10 percent of hospital discharge medication orders for permissible prescriptions (for new and changed prescriptions) are queried for a drug formulary and transmitted electronically using Certified EHR Technology.

**\* PATIENT RECORDS:** Please select whether the data used to support the measure was extracted from ALL patient records or only from patient records maintained using Certified EHR Technology.

This data was extracted from ALL patient records not just those maintained using Certified EHR Technology.  
 This data was extracted only from patient records maintained using Certified EHR Technology.

**EXCLUSION:** Any eligible hospital or CAH that does not have an internal pharmacy that can accept electronic prescriptions and is not located within 10 miles of any pharmacy that accepts electronic prescriptions at the start of their EHR reporting period.

**\*Does this exclusion apply to you?**

Yes    No

If the exclusion does not apply to you, complete entries in the Numerator and Denominator.

**Numerator:** The number of prescriptions in the denominator generated, queried for a drug formulary, and transmitted electronically.  
**Denominator:** Number of new or changed permissible prescriptions written for drugs requiring a prescription in order to be dispensed for patients discharged during the EHR reporting period.

**Numerator:**     **Denominator:**

Objective 8 - Patient Electronic Access

Click [HERE](#) to review CMS Guidelines for this measure.

When ready click the **Save & Continue** button to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.

**(\*) Red asterisk indicates a required field.**

Objective:    Provide patients the ability to view online, download, and transmit their health information within 36 hours of hospital discharge.

**Measure 1:** More than 50 percent of all unique patients who are discharged from the inpatient or emergency department (POS 21 or 23) of an eligible hospital or CAH are provided timely access to view online, download, and transmit to a third party their health information.

**Numerator 1:** The number of patients in the denominator who have access to view, download, and transmit their health information within 36 hours after the information is available to the eligible hospital or CAH.

**Denominator 1:** Number of unique patients discharged from an eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period.

**\* Numerator 1:**     **\* Denominator 1:**

**Measure 2 Exclusion:** Any hospital or CAH that is located in a county that does not have 50 percent or more of its housing units with 4Mbps broadband availability according to the latest information available from the FCC on the first day of the EHR reporting period.

\*Does the exclusion apply to you? If 'Yes', do not complete Measure 2. If 'No', complete entries for Measure 2.

Yes    No

**Measure 2:** More than 5 percent of unique patients discharged from the inpatient or emergency department (POS 21 or 23) of an eligible hospital or CAH (or patient-authorized representative) view, download, or transmit to a third party their information during the EHR reporting period.

**Numerator 2:** The number of patients (or patient-authorized representative) in the denominator who view, download, or transmit to a third party their health information.

**Denominator 2:** Number of unique patients discharged from the inpatient or emergency department (POS 21 or 23) of the eligible hospital or CAH during the EHR reporting period.

**Numerator 2:**     **Denominator 2:**

## Objective 9 Option 3C – Specialized Registry Reporting

Enter information in all required fields.

Click **Save & Continue** to review your selection, click **Previous** to go back, or click **Reset** to restore this panel to the starting point or last saved data.

The screenshot displays the 'Attestation Meaningful Use Objectives' section of the MAPIR application. At the top, there are fields for 'Name', 'CCN', and 'Payment Year' on the left, and 'NPI', 'Hospital TIN', and 'Program Year' on the right. Below these are navigation buttons: 'Get Started', 'R&A/Contact Info', 'Eligibility', 'Patient Volumes', 'Attestation', 'Review', and 'Submit'. The main content area is titled 'Objective 9 Option 3C - Specialized Registry Reporting'. It contains an information icon and a link to 'Click HERE to review CMS Guidelines for this measure.' Below this is a blue box with instructions: 'When ready click the **Save & Continue** button to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.' A red asterisk indicates a required field. The 'Objective' is defined as: 'The eligible hospital or CAH is in active engagement with a specialized registry to submit electronic public health data from Certified EHR Technology except where prohibited and in accordance with applicable law and practice.' The 'Measure' is: 'Option 3 - Specialized Registry Reporting: The eligible hospital or CAH is in active engagement to submit data to a specialized registry.' A required field is provided for the name of the specialized registry. Below this are 'Active Engagement Options' with three radio buttons: 'Completed registration to submit data', 'Testing and validation', and 'Production'. At the bottom of the form are three buttons: 'Previous', 'Reset', and 'Save & Continue', with the latter being circled in red.

## Objective 9 Option 4 – Electronic Reportable Laboratory Results Reporting

Enter information in all required fields.

Click **Save & Continue** to review your selection, click **Previous** to go back, or click **Reset** to restore this panel to the starting point or last saved data.

**Objective 9 Option 4 – Electronic Reportable Laboratory Results Reporting**

**i** Click [HERE](#) to review CMS Guidelines for this measure.

*When ready click the **Save & Continue** button to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.*

**(\*) Red asterisk indicates a required field.**

**Objective:** The eligible hospital or CAH is in active engagement with a public health agency to submit electronic public health data from Certified EHR Technology except where prohibited and in accordance with applicable law and practice.

**Measure:** Option 4 - Electronic Reportable Laboratory Result Reporting: The eligible hospital or CAH is in active engagement with a public health agency to submit electronic reportable laboratory (ELR) results.

**\*Does this option apply to you?**  
 Yes  No

**Active Engagement Options:** If you have answered 'Yes' above, please select one of the options listed below.

Completed registration to submit data  
 Testing and validation  
 Production

**EXCLUSION:** If Option 4 is 'No', then ALL of the Exclusions listed below must be answered. You may only select 'Yes' for one exclusion. Any eligible hospital or CAH that meets one of the following criteria may be excluded from the objective.

Does not perform or order laboratory tests that are reportable in their jurisdiction during the EHR reporting period.  
 Yes  No

Operates in a jurisdiction for which no public health agency is capable of accepting the specific ELR standards required to meet the Certified EHR Technology definition at the start of the EHR reporting period.  
 Yes  No

Operates in a jurisdiction where no public health agency has declared readiness to receive electronic reportable laboratory results from eligible hospitals or CAHs at the start of the EHR reporting period.  
 Yes  No

Objective Number	Objective	Measure	Entered	Select
Objective 0	<p>Activities related to supporting providers with the performance of Certified EHR Technology:</p> <ol style="list-style-type: none"> <li>1. Do you and your organization acknowledge the requirement to cooperate in good faith with ONC direct review of your health information technology certified under the ONC Health IT Certification Program if a request to assist in ONC direct review is received?</li> <li>2. Did you or your organization receive a request for an ONC direct review of your health information technology certified under the ONC Health IT Certification Program? If yes, did you and your organization cooperate in good faith with ONC direct review of your health information technology certified under the ONC Health IT Certification Program as authorized by 45 CFR part 170, subpart E, to the extent that such technology meets (or can be used to meet) the definition of Certified EHR Technology, including by permitting timely access to such technology and demonstrating its capabilities as implemented and used by you in the field.</li> <li>3. In addition, do you and your organization acknowledge the option to cooperate in good faith with ONC-ACB surveillance of your health information technology certified under the ONC Health IT Certification Program if a request to assist in ONC-ACB surveillance is received?</li> </ol>			

Figure 0-7: Meaningful Use Objective List Table (Part 1 of 5)

	<p>4. Did you or your organization receive a request to assist in ONC - ACB surveillance of your health information technology certified under the ONC Health IT Certification Program? If yes, did you and your organization cooperate in good faith with ONC-ACB surveillance of your health information technology certified under the ONC Health IT Certification Program as authorized by 45 CFR part 170, subpart E, to the extent that such technology meets (or can be used to meet) the definition of Certified EHR Technology, including by permitting timely access to such technology and demonstrating capabilities as implemented and used by you in the field?</p> <p>Actions related to supporting information exchange and the prevention of health information blocking:</p> <p>1. Did you or your organization knowingly and willfully take action (such as to disable functionality) to limit or restrict the compatibility or interoperability of Certified EHR Technology:</p> <p>2. Did you and your organization implement technologies, standards, policies, practices, and agreements reasonably calculated to ensure, to the greatest extent practicable and permitted by law, that the Certified EHR Technology was, at all relevant times:</p> <p>(i) Connected in accordance with applicable law;</p> <p>(ii) Compliant with all standards applicable to the exchange of information, including the standards, implementation specifications, and certification criteria adopted at 45 CFR part 170;</p> <p>(iii) Implemented in a manner that allowed for timely access by patients to their electronic health information;</p> <p>(iv) Implemented in a manner that allowed for the timely, secure, and trusted bi-directional exchange of structured electronic health information with other health care providers (as defined by 42 U.S.C. 300jj(3)), including unaffiliated providers, and with disparate Certified EHR Technology and vendors.</p> <p>3. Did you and your organization respond in good faith and in a timely manner to requests to retrieve or exchange electronic health information, including from patients, health care providers (as defined by 42 U.S.C. 300jj(3)), and other persons, regardless of the requestor's affiliation or technology vendor?</p>			<p>EDIT</p>
--	---	--	--	-------------

Figure 0-8: Meaningful Use Objective List Table (Part 2 of 5)

Objective 1	Protect electronic protected health information (ePHI) created or maintained by the Certified EHR Technology through the implementation of appropriate technical, administrative, and physical safeguards.	Conduct or review a security risk analysis in accordance with the requirements under 45 CFR 164.308(a)(1), including addressing the security (including encryption) of data created or maintained by Certified EHR Technology in accordance with requirements under 45 CFR 164.312(a)(2)(iv) and 45 CFR 164.306(d)(3), implement security updates as necessary, and correct identified security deficiencies as part of the provider's risk management process.		<b>EDIT</b>
Objective 2	Generate and transmit permissible discharge prescriptions electronically (eRx).	More than 25 percent of hospital discharge medication orders for permissible prescriptions (for new and changed prescriptions) are queried for a drug formulary and transmitted electronically using Certified EHR Technology.		<b>EDIT</b>
Objective 3	Implement clinical decision support (CDS) interventions focused on improving performance on high-priority health conditions.	Implement five clinical decision support interventions related to four or more CQMs at a relevant point in patient care for the entire EHR reporting period. Absent four CQMs related to an eligible hospital or CAH's scope of practice or patient population, the clinical decision support interventions must be related to high-priority health conditions. The eligible hospital or CAH has enabled and implemented the functionality for drug-drug and drug-allergy interaction checks for the entire EHR reporting period.		<b>EDIT</b>
Objective 4	Use computerized provider order entry (CPOE) for medication, laboratory, and diagnostic imaging orders directly entered by any licensed healthcare professional, credentialed medical assistant, or a medical staff member credentialed to and performing the equivalent duties of a credentialed medical assistant, who can enter orders into the medical record per state, local, and professional guidelines.	More than 60 percent of medication orders created by the authorized providers of the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period are recorded using computerized provider order entry. More than 60 percent of laboratory orders created by the authorized providers of the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period are recorded using computerized provider order entry. More than 60 percent of diagnostic imaging orders created by the authorized providers of the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period are recorded using computerized provider order entry.		<b>EDIT</b>

Figure 0-9: Meaningful Use Objective List Table (Part 3 of 5)

Objective 5	The eligible hospital or CAH provides patients (or patient-authorized representative) with timely electronic access to their health information and patient-specific education.	For more than 80 percent of all unique patients discharged from the eligible hospital or CAH inpatient or emergency department (POS 21 or 23): (1) The patient (or patient-authorized representative) is provided timely access to view online, download, and transmit his or her health information; and (2) The provider ensures the patient's health information is available for the patient (or patient-authorized representative) to access using any application of their choice that is configured to meet the technical specifications of the API in the provider's Certified EHR Technology. The eligible hospital or CAH must use clinically relevant information from Certified EHR Technology to identify patient-specific educational resources and provide electronic access to those materials to more than 35 percent of unique patients discharged from the eligible hospital or CAH inpatient or emergency department (POS 21 or 23) during the EHR reporting period.		EDIT
Objective 6	Use Certified EHR Technology to engage with patients or their authorized representatives about the patient's care. Providers must attest to all three measures, but must only meet the thresholds for two of the three measures to pass the objective.	During the EHR reporting period, more than 5 percent of all unique patients (or their authorized representatives) discharged from the eligible hospital or CAH inpatient or emergency department (POS 21 or 23) actively engage with the electronic health record made accessible by the provider and either: (1) View, download or transmit to a third party their health information, (2) Access their health information through the use of an API that can be used by applications chosen by the patient and configured to the API in the provider's Certified EHR Technology, or (3) A combination of (1) and (2). For more than 5 percent of all unique patients discharged from the eligible hospital or CAH inpatient or emergency department (POS 21 or 23) during the EHR reporting period, a secure message was sent using the electronic messaging function of Certified EHR Technology to the patient (or the patient authorized representative), or in response to a secure message sent by the patient or their authorized representative. Patient generated health data or data from a nonclinical setting is incorporated into the Certified EHR Technology for more than 5 percent of all unique patients discharged from the eligible hospital or CAH inpatient or emergency department (POS 21 or 23) during the EHR reporting period.		EDIT

Figure 0-10: Meaningful Use Objective List Table (Part 4 of 5)

<p>Objective 7</p>	<p>The eligible hospital or CAH provides a summary of care record when transitioning or referring their patient to another setting of care, receives or retrieves a summary of care record upon the receipt of a transition or referral or upon the first patient encounter with a new patient, and incorporates summary of care information from other providers into their EHR using the functions of Certified EHR Technology. Provider must attest to the measure(s) listed below.</p>	<p>For more than 50 percent of transitions of care and referrals, the eligible hospital or CAH that transitions or refers their patient to another setting of care or provider of care: (1) Creates a summary of care record using Certified EHR Technology; and (2) electronically exchanges the summary of care record. For more than 40 percent of transitions or referrals received and patient encounters in which the provider has never before encountered the patient, the eligible hospital or CAH incorporates into the patient's EHR an electronic summary of care document. For more than 80 percent of transitions or referrals received and patient encounters in which the provider has never before encountered the patient, the eligible hospital or CAH performs a clinical information reconciliation. The provider must implement clinical information reconciliation for the following three clinical information sets: (1) Medication: Review of the patient's medication, including the name, dosage, frequency, and route of each medication. (2) Medication allergy: Review of the patient's known medication allergies. (3) Current Problem list: Review of the patient's current and active diagnoses.</p>		<p><a href="#">EDIT</a></p>

(\*) Red asterisk indicates a required field.

**Activities related to supporting providers with the performance of Certified EHR Technology:**

\*1. Do you and your organization acknowledge the requirement to cooperate in good faith with ONC direct review of your health information technology certified under the ONC Health IT Certification Program if a request to assist in ONC direct review is received?

Yes  No

\*2. Did you or your organization receive a request for a ONC direct review of your health information technology certified under the ONC Health IT Certification Program?

Yes  No

If you answered No on the question above, the below question is not applicable and should be left blank.

If yes, did you and your organization cooperate in good faith with ONC direct review of your health information technology certified under the ONC Health IT Certification Program as authorized by 45 CFR part 170, subpart E, to the extent that such technology meets (or can be used to meet) the definition of Certified EHR Technology, including by permitting timely access to such technology and demonstrating its capabilities as implemented and used by you in the field?

Yes  No

\*3. In addition, do you and your organization acknowledge the option to cooperate in good faith with ONC-ACB surveillance of your health information technology certified under the ONC Health IT Certification Program if a request to assist in ONC-ACB surveillance is received?

Yes  No  Decline to answer

\*4. Did you or your organization receive a request to assist in ONC - ACB surveillance of your health information technology certified under the ONC Health IT Certification Program?

Yes  No  Decline to answer

If you answered No or Decline to Answer on the question above, the below question is not applicable and should be left blank.

If yes, did you and your organization cooperate in good faith with ONC-ACB surveillance your health information technology certified under the ONC Health IT Certification Program as authorized by 45 CFR part 170, subpart E, to the extent that such technology meets (or can be used to meet) the definition of Certified EHR Technology, including by permitting timely access to such technology and demonstrating capabilities as implemented and used by you in the field?

Yes  No  Decline to answer

**Actions related to supporting information exchange and the prevention of health information blocking:**

\*1. Did you or your organization knowingly and willfully take action (such as to disable functionality) to limit or restrict the compatibility or interoperability of certified EHR technology?

Yes  No

\*2. Did you or your organization implement technologies, standards, policies, practices, and agreements reasonably calculated to ensure, to the greatest extent practicable and permitted by law, that the Certified EHR Technology was, at all relevant times:

(i) Connected in accordance with applicable law;

Yes  No

(ii) Compliant with all standards applicable to the exchange of information, including the standards, implementation specifications, and certification criteria adopted at 45 CFR part 170;

Yes  No

(iii) Implemented in a manner that allowed for timely access by patients to their electronic health information;

Yes  No

(iv) Implemented in a manner that allowed for the timely, secure, and trusted bi-directional exchange of structured electronic health information with other health care providers (as defined by 42 U.S.C. 300j(3)), including unaffiliated providers, and with disparate Certified EHR Technology and vendors.

Yes  No

\*3. Respond in good faith and in a timely manner to requests to retrieve or exchange electronic health information, including from patients, health care providers (as defined by 42 U.S.C. 300j(3)), and other persons, regardless of the requestor's affiliation or technology vendor?

Yes  No

Objective:      Generate and transmit permissible discharge prescriptions electronically (eRx).

Measure:        More than 25 percent of hospital discharge medication orders for permissible prescriptions (for new and changed prescriptions) are queried for a drug formulary and transmitted electronically using Certified EHR Technology.

**\* PATIENT RECORDS:** Please select whether the data used to support the measure was extracted from ALL patient records or only from patient records maintained using Certified EHR Technology.

This data was extracted from ALL patient records not just those maintained using Certified EHR Technology.  
 This data was extracted only from patient records maintained using Certified EHR Technology.

**EXCLUSION:** Any eligible hospital or CAH that does not have an internal pharmacy that can accept electronic prescriptions and there are no pharmacies that accept electronic prescriptions within 10 miles at the start of their EHR reporting period.

**\*Does this exclusion apply to you?**

Yes  No

If the exclusion does not apply to you, complete entries in the Numerator and Denominator.

**Numerator:** The number of prescriptions in the denominator generated, queried for a drug formulary, and transmitted electronically.  
**Denominator:** The number of new or changed prescriptions written for drugs requiring a prescription in order to be dispensed, other than controlled substances, for patients discharged during the EHR reporting period.

Objective 5 – Patient Electronic Access to Health Information

[Click HERE](#) to review CMS Guidelines for this measure.

When ready click the **Save & Continue** button to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.

**(\*) Red asterisk indicates a required field.**

Objective: The eligible hospital or CAH provides patients (or patient-authorized representative) with timely electronic access to their health information and patient-specific education.

**Exclusion:** Any eligible hospital or CAH located in a county that does not have 50 percent or more of its housing units with 4Mbps broadband availability according to the latest information available from the FCC on the first day of the EHR reporting period may exclude from the measures.

\* Does this exclusion apply to you? If 'Yes', do not complete Measure 1 and 2. If 'No', complete Measure 1 and 2.  
 Yes  No

**Measure 1:** For more than 80 percent of all unique patients discharged from the eligible hospital or CAH inpatient or emergency department (POS 21 or 23):  
 (1) The patient (or patient-authorized representative) is provided timely access to view online, download, and transmit his or her health information; and (2) The provider ensures the patient's health information is available for the patient (or patient-authorized representative) to access using any application of their choice that is configured to meet the technical specifications of the API in the provider's Certified EHR Technology.

**Numerator 1:** The number of patients in the denominator (or patient-authorized representative) who are provided timely access to health information to view online, download, and transmit to a third party and to access using an application of their choice that is configured meet the technical specifications of the API in the provider's Certified EHR Technology.

**Denominator 1:** The number of unique patients discharged from an eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period.

Numerator 1:  Denominator 1:

**Measure 2:** The eligible hospital or CAH must use clinically relevant information from Certified EHR Technology to identify patient-specific educational resources and provide electronic access to those materials to more than 35 percent of unique patients discharged from the eligible hospital or CAH inpatient or emergency department (POS 21 or 23) during the EHR reporting period.

**Numerator 2:** The number of patients in the denominator who were provided electronic access to patient-specific educational resources using clinically relevant information identified from Certified EHR Technology during the EHR reporting period.

**Denominator 2:** The number of unique patients discharged from an eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) during the EHR reporting period.

Objective 6 – Coordination of Care Through Patient Engagement

Click [HERE](#) to review CMS Guidelines for this measure.

When ready click the **Save & Continue** button to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.

**(\*) Red asterisk indicates a required field.**

Objective: Use Certified EHR Technology to engage with patients or their authorized representatives about the patient's care. Providers must attest to all three measures, but must only meet the thresholds for two of the three measures to pass the objective.

**Exclusion:** Any eligible hospital or CAH will be excluded from the measure if it is located in a county that does not have 50 percent or more of their housing units with 4Mbps broadband availability according to the latest information available from the FCC at the start of the EHR reporting period.

\* Does this exclusion apply to you? If 'Yes', do not complete Measures 1, 2 and 3. If 'No', complete Measures 1,2 and 3.

Yes  No

**Measure 1:** During the EHR reporting period, more than 5 percent of all unique patients (or their authorized representatives) discharged from the eligible hospital or CAH inpatient or emergency department (POS 21 or 23) actively engage with the electronic health record made accessible by the provider and either: (1) View, download or transmit to a third party their health information, (2) Access their health information through the use of an API that can be used by applications chosen by the patient and configured to the API in the provider's Certified EHR Technology, or (3) A combination of (1) and (2).

**Numerator 1:** The number of unique patients (or their authorized representatives) in the denominator who have viewed online, downloaded, or transmitted to a third party the patient's health information during the EHR reporting period and the number of unique patients (or their authorized representatives) in the denominator who have accessed their health information through the use of an API during the EHR reporting period.

**Denominator 1:** The number of unique patients discharged from an eligible hospital or CAH inpatient or emergency department (POS 21 or 23) during the EHR reporting period.

Numerator 1:  Denominator 1:

**Measure 2:** For more than 5 percent of all unique patients discharged from the eligible hospital or CAH inpatient or emergency department (POS 21 or 23) during the EHR reporting period, a secure message was sent using the electronic messaging function of Certified EHR Technology to the patient (or the patient authorized representative), or in response to a secure message sent by the patient or their authorized representative.

**Numerator 2:** The number of patients in the denominator for whom a secure electronic message is sent to the patient (or patient-authorized representative) or in response to a secure message sent by the patient (or patient-authorized representative), during the EHR reporting period.

**Denominator 2:** The number of unique patients discharged from an eligible hospital or CAH inpatient or emergency department (POS 21 or 23) during the EHR reporting period.

Numerator 2:  Denominator 2:

**Measure 3:** Patient generated health data or data from a nonclinical setting is incorporated into the Certified EHR Technology for more than 5 percent of all unique patients discharged from the eligible hospital or CAH inpatient or emergency department (POS 21 or 23) during the EHR reporting period.

**Numerator 3:** The number of patients in the denominator for whom data from non-clinical settings, which may include patient-generated health data, is captured through the Certified EHR Technology into the patient record during the EHR reporting period.

**Denominator 3:** The number of unique patients discharged from an eligible hospital or CAH inpatient or emergency department (POS 21 or 23) during the EHR reporting period.

Objective 7 - Health Information Exchange

Click [HERE](#) to review CMS Guidelines for this measure.

When ready click the **Save & Continue** button to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.

(\*) Red asterisk indicates a required field.

Based on your exclusion selections from the previous screen you are required to provide the following information.

Objective: The eligible hospital or CAH provides a summary of care record when transitioning or referring their patient to another setting of care, receives or retrieves a summary of care record upon the receipt of a transition or referral or upon the first patient encounter with a new patient, and incorporates summary of care information from other providers into their EHR using the functions of Certified EHR Technology. Provider must attest to the measure(s) listed below.

**Measure 1:** For more than 50 percent of transitions of care and referrals, the eligible hospital or CAH that transitions or refers their patient to another setting of care or provider of care: (1) Creates a summary of care record using Certified EHR Technology; and (2) electronically exchanges the summary of care record.

**Numerator 1:** The number of transitions of care and referrals in the denominator where a summary of care record was created using Certified EHR Technology and exchanged electronically.

**Denominator 1:** Number of transitions of care and referrals during the EHR reporting period for which the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) was the transferring or referring provider.

\* Numerator 1:  \* Denominator 1:

**Measure 2:** For more than 40 percent of transitions or referrals received and patient encounters in which the provider has never before encountered the patient, the eligible hospital or CAH incorporates into the patient's EHR an electronic summary of care document.

**Numerator 2:** Number of patient encounters in the denominator where an electronic summary of care record received is incorporated by the provider into the Certified EHR Technology.

**Denominator 2:** Number of patient encounters during the EHR reporting period for which an eligible hospital or CAH was the receiving party of a transition or referral or has never before encountered the patient and for which an electronic summary of care record is available.

\* Numerator 2:  \* Denominator 2:

**Measure 3:** For more than 80 percent of transitions or referrals received and patient encounters in which the provider has never before encountered the patient, the eligible hospital or CAH performs a clinical information reconciliation. The provider must implement clinical information reconciliation for the following three clinical information sets: (1) Medication: Review of the patient's medication, including the name, dosage, frequency, and route of each medication. (2) Medication allergy: Review of the patient's known medication allergies. (3) Current Problem list: Review of the patient's current and active diagnoses.

**Numerator 3:** The number of transitions of care or referrals in the denominator where the following three clinical information reconciliations were performed: Medication list, medication allergy list, and current problem list.

**Denominator 3:** Number of transitions of care or referrals during the EHR reporting period for which the eligible hospital or CAH inpatient or emergency department (POS 21 or 23) was the recipient of the transition or referral or has never before encountered the patient.

\* Numerator 3:  \* Denominator 3:

**Attestation Meaningful Use Objectives**

Providers are required to successfully attest to four Public Health Options without taking an exclusion. Select the four Options for attestation without taking an exclusion. Options 4 and 5 may be used four times to attest. If you cannot successfully attest to any Option, or can only successfully attest to three Options, then select Options 1, 2, 3, 4A, 5A, and 6. You cannot exclude both Option 4A, 4B, 4C, 4D, 5A, 5B, 5C, and Option 5D. Note: selecting all exclusions does not mean the Objective fails.

When all options have been edited and you are satisfied with the entries, select the **"Return to Main"** button to access the main attestation topic list.

**Required Public Health Objective List Table**

Objective Number	Objective	Measure	Select
Objective 8 Option 1	The eligible hospital or CAH is in active engagement with an immunization registry or immunization information systems to submit electronic public health data from Certified EHR Technology except where prohibited and in accordance with applicable law and practice.	Option 1-Immunization Registry Reporting: The eligible hospital or CAH is in active engagement with a public health agency to submit immunization data and receive immunization forecasts and histories from the public health immunization registry/immunization information system (IIS).	<input checked="" type="checkbox"/>
Objective 8 Option 2	The eligible hospital or CAH is in active engagement with a syndromic surveillance registry to submit electronic public health data from Certified EHR Technology except where prohibited and in accordance with applicable law and practice.	Option 2 - Syndromic Surveillance Reporting: The eligible hospital or CAH is in active engagement with a public health agency to submit syndromic surveillance data from an urgent care setting.	<input checked="" type="checkbox"/>
Objective 8 Option 3	The eligible hospital or CAH is in active engagement with a public health agency to submit electronic public health data in a meaningful way using Certified EHR Technology, except where prohibited, and in accordance with applicable law and practice.	Option 3 - Electronic Case Reporting: The eligible hospital or CAH is in active engagement with a public health agency to submit case reporting of reportable conditions.	<input checked="" type="checkbox"/>
Objective 8 Option 4A	The eligible hospital or CAH is in active engagement with a public health agency to submit electronic public health data in a meaningful way using Certified EHR Technology, except where prohibited, and in accordance with applicable law and practice.	Option 4 - Public Health Registry Reporting: The eligible hospital or CAH is in active engagement with a public health agency to submit data to public health registries.	<input checked="" type="checkbox"/>

**Attestation Meaningful Use Measures**

*The Meaningful Use Measures you have attested to are depicted below. Please review the current information to verify what you have entered is correct.*

**Meaningful Use Objective Review**

Objective Number	Objective	Entered
Objective 0	<p>Activities related to supporting providers with the performance of Certified EHR Technology:</p> <p>1. Do you and your organization acknowledge the requirement to cooperate in good faith with ONC direct review of your health information technology certified under the ONC Health IT Certification Program if a request to assist in ONC direct review is received?</p> <p>2. Did you or your organization receive a request for an ONC direct review of your health information technology certified under the ONC Health IT Certification Program? If yes, did you and your organization cooperate in good faith with ONC direct review of your health information technology certified under the ONC Health IT Certification Program as authorized by 45 CFR part 170, subpart E, to the extent that such technology meets (or can be used to meet) the definition of Certified EHR Technology, including by permitting timely access to such technology and demonstrating its capabilities as implemented and used by you in the field.</p> <p>3. In addition, do you and your organization acknowledge the option to cooperate in good faith with ONC-ACB surveillance of your health information technology certified under the ONC Health IT Certification Program if a request to assist in ONC-ACB surveillance is received?</p> <p>4. Did you or your organization receive a request to assist in ONC - ACB surveillance of your health information technology certified under the ONC Health IT Certification Program? If yes, did you and your organization cooperate in good faith with ONC-ACB surveillance of your health information technology certified under the ONC Health IT Certification Program as authorized by 45 CFR part 170, subpart E, to the extent that such technology meets (or can be used to meet) the definition of Certified EHR Technology, including by permitting timely access to such technology and demonstrating capabilities as implemented and used by you in the field?</p> <p>Actions related to supporting information exchange and the prevention of health information blocking:</p> <p>During the EHR Reporting Period,</p> <p>1. Did you or your organization knowingly and willfully take action (such as to disable functionality) to limit or restrict the compatibility or interoperability of Certified EHR Technology?</p>	<p>Activities related to supporting providers with the performance of Certified EHR Technology:</p> <p>Question 1 = Yes Question 2 = Yes Yes Question 3 = Yes Question 4 = Yes Yes</p> <p>Actions related to supporting information exchange and the prevention of health information blocking:</p> <p>Question 1 = Yes Question 2 = Yes Yes Yes Yes Question 3 = Yes</p>

Figure 0-27: Meaningful Use Measures Summary (Part 1 of 5)

	<p>2. Did you and your organization implement technologies, standards, policies, practices, and agreements reasonably calculated to ensure, to the greatest extent practicable and permitted by law, that the Certified EHR Technology was, at all relevant times:</p> <ul style="list-style-type: none"> <li>(i) Connected in accordance with applicable law;</li> <li>(ii) Compliant with all standards applicable to the exchange of information, including the standards, implementation specifications, and certification criteria adopted at 45 CFR part 170;</li> <li>(iii) Implemented in a manner that allowed for timely access by patients to their electronic health information;</li> <li>(iv) Implemented in a manner that allowed for the timely, secure, and trusted bi-directional exchange of structured electronic health information with other health care providers (as defined by 42 U.S.C. 300jj (3)), including unaffiliated providers, and with disparate Certified EHR Technology and vendors.</li> </ul> <p>3. Did you and your organization respond in good faith and in a timely manner to requests to retrieve or exchange electronic health information, including from patients, health care providers (as defined by 42 U.S.C. 300jj(3)), and other persons, regardless of the requestor's affiliation or technology vendor?</p>	
Objective 1	Protect electronic protected health information (ePHI) created or maintained by the Certified EHR Technology through the implementation of appropriate technical capabilities.	Measure = No
Objective 2	Use clinical decision support to improve performance on high priority health conditions.	Measure 1 = Yes Measure 2 = Yes
Objective 3	Use computerized provider order entry for medication, laboratory, and radiology orders directly entered by any licensed healthcare professional who can enter orders into the medical record per state, local, and professional guidelines.	<p>Patient Records = All</p> <p>Measure 1 Numerator 1 = 50 Denominator 1 = 200 Percentage = 25%</p> <p>Measure 2 Numerator 2 = 50 Denominator 2 = 200 Percentage = 25%</p> <p>Measure 3 Numerator 3 = 50 Denominator 3 = 200 Percentage = 25%</p>
Objective 4	Generate and transmit permissible discharge prescriptions electronically (eRx).	<p>Patient Records = All</p> <p>Exclusion = Excluded</p>
Objective 5	The eligible hospital or CAH who transitions their patient to another setting of care or provider of care or refers their patient to another provider of care provides a summary of care record for each transition of care or referral.	<p>Numerator = 50 Denominator = 200 Percentage = 25%</p>
Objective 6	Use clinically relevant information from Certified EHR Technology to identify patient-specific education resources and provide those resources to the patient.	<p>Numerator = 50 Denominator = 200 Percentage = 25%</p>
Objective 7	The eligible hospital or CAH that receives a patient from another setting of care or provider of care or believes an encounter is relevant performs medication reconciliation.	<p>Numerator = 50 Denominator = 200 Percentage = 25%</p>
Objective 8	Provide patients the ability to view online, download, and transmit their health information within 36 hours of hospital discharge.	<p>Measure 1 Numerator 1 = 50 Denominator 1 = 200 Percentage = 25%</p> <p>Measure 2 Measure 2 Exclusion = Excluded</p>

### Attestation Phase (Part 3 of 3)

Part 3 of 3 of the Attestation Phase contains questions regarding the average length of stay for your facility and confirmation of the address to which the incentive payment will be sent.

Click **Yes** to confirm you are either an Acute Care Hospital with an average length of stay of 25 days or fewer, or a Children’s Hospital.

Click the **Payment Address** from the list below to be used for your Incentive Payment.

Click **Save & Continue** to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.

**Attestation Phase (Part 3 of 3)**

Eligible Hospitals may be subject to the Centers for Medicare & Medicaid Services process for audits and appeals of Meaningful Use attestations. This includes Eligible Hospitals applying for a Medicaid only EHR incentive payment.

Please answer the following question.

*When ready click the **Save & Continue** button to review your selection, or click **Previous** to go back. Click **Reset** to restore this panel to the starting point.*

(\*) Red asterisk indicates a required field.

\* Please confirm that you are either an Acute Care Hospital with an average length of stay of 25 days or fewer, or a Children’s Hospital.  Yes  No ?

**NOTE: Definition of an acute care hospital for purpose of the Medicaid EHR Incentive Payment Program is a hospital with an average patient length of stay of 25 days or fewer, and with a CCN that falls in the range of 0001-0879 (Short-term Hospitals) or 1300-1399 (Critical Access Hospitals).**

Please select one payment address from the list provided below to be used for your Incentive Payment, if you are approved for payment. If you do not see a valid payment address, please contact State Medicaid Program.

--------------------	---	--	--	--	---------------	--

You have now completed the **Attestation** section of the application.

You may revisit this section any time to make corrections until such time as you actually **Submit** the application.

The **Submit** section of the application is now available.

Before submitting the application, please review the information you have provided in this section, and all previous sections.

## Step 6 – Review Application

The Review section allows you to review all information you entered into your application. If you find errors, you can click the associated tab and proceed to correct the information. When you have corrected the information you can click the **Review** tab to return to this section. From this screen you can print a printer-friendly copy of your application for review. Please review all information carefully before proceeding to the Submit section. Once your application is submitted you will not have the opportunity to change it.

Click **Print** to generate a printer-friendly version of this information.

When you have finished reviewing all the information, click the **Submit** tab to proceed.

**Note**

If you are in Program Year 2014, the CEHRT ID Information section on the following screen will also display the Meaningful Use Reporting Option and Reason for Delay (if applicable).

<b>Name</b>	<b>NPI</b>
<b>CCN</b>	<b>Hospital TIN</b>
<b>Payment Year</b>	<b>Program Year</b>

The **Review** panel displays the information you have entered to date for your application. Select **Print** to generate a printer friendly version of this information. Select **Continue** to return to the last page saved. If all tabs have been completed and you are ready to continue to the Submit Tab, please click on the **Submit** Tab itself to finish the application process.

## Step 7 – Submit Your Application

The final submission of your application involves the following steps:

1. Select the **Submit** tab.
2. **Review and Check Errors** – MAPIR will check your application for errors. If errors are present you will have the opportunity to go back to the section where the error occurred and correct it. If you do not want to correct the errors you can still submit your application; however, the errors may affect your eligibility and payment amount.
3. **Optional Questions** – You may be asked a series of optional questions that do not affect your application. The answers will provide information to your state Medicaid program about incentive program participation.
4. **File Upload** – You will have the opportunity to upload PDF files with documentation supporting your application. This optional information could include additional information on patient volumes, locations, or your certified EHR system.
5. The initial **Submit** screen contains information about this section.

Click **Begin** to continue to the submission process.

**Application Submission (Part 2 of 2)**

Based on the Medicaid EHR incentive rules, the following chart provides an example of the maximum potential amount per year of a four year payment. The columns represent the year of participation, and the rows represent the four years of potential participation.

To submit your application, click the **Submit Application** button (you will **not** be able to make any changes to your application after submission).

*Example Payment Disbursement over 4 Years*  
*Year 1 50%, Year 2 30%, Year 3 10%, Year 4 10%*

Year	Example Calculation	Example Amount
Year 1	\$15,925,500 * 50%	\$7,962,750
Year 2	\$15,925,500 * 30%	\$4,777,650
Year 3	\$15,925,500 * 10%	\$1,592,550
Year 4	\$15,925,500 * 10%	\$1,592,550

Submit Application

The check indicates your application has been successfully submitted.

Click **OK**.

<b>Name</b>	<b>NPI</b>
<b>CCN</b>	<b>Hospital TIN</b>
<b>Payment Year</b>	<b>Program Year</b>
<a href="#">Current Status</a>	<a href="#">Review Application</a>

Your application has been successfully submitted, and will be processed within 7-10 business days.  
You will receive an email message when processing has been completed.

When your application has been successfully submitted, you will see the application status of Submitted.

Click **Exit** to exit MAPIR.

The screenshot shows a web interface with a header section containing labels for 'Name', 'NPI', 'CCN', 'Hospital TIN', 'Payment Year', and 'Program Year'. Below these labels are three buttons: 'Current Status' (highlighted in light blue), 'Review Application', and 'Document Upload'. The main content area displays the following information:

- Name:** [Redacted]
- Applicant NPI:** [Redacted]
- Status:** Submitted (highlighted in light blue, with a red arrow pointing to it)

Below the status, there is a red note: "The text in this section of the page would be replaced by actual content that the hosting state may specify as static HTML." At the bottom, a message reads: "Select **Review Application** to view the information that was entered on the application that was submitted."

This screen shows that your MAPIR session has ended. You should now close your browser window.

The screenshot shows a message box with a 'MAPIR' tab in the top left corner. The message text reads: "Exit MAPIR" followed by "Your session has ended. To complete the log out process, you must close your browser." A brown arrow points to the right of the message.

## Post Submission Activities

This section contains information about post application submission activities. At any time you can check the status of your application by logging into the state Medicaid portal. When you have successfully completed the application submission process you will receive an email confirming your submission has been received. You may also receive email updates as your application is processed.

When you log in to MAPIR after submitting your application you will see the Medicaid EHR Incentive Program Participation Dashboard.

Notice that the Status of your application is *Submitted*. You can only view an application in a Submitted status. The next payment year application will be enabled when you become eligible to apply. For status information, please see the [Status Definition](#) table in the Post Submission Activities section of this manual.

<b>Applicant NPI:</b>

The following table lists some of the statuses your application may go through.

Status	Definition
Not Registered at R&A	MAPIR has not received a matching registration from both the R&A and the state MMIS.
Incomplete	The application is in a working status but has not been submitted and may still be updated by the provider.
Submitted	The application has been submitted. The application is locked to prevent editing and no further changes can be made.
Payment Approved	A determination has been made that the application has been approved for payment.
Payment Disbursed	The financial payment data has been received by MAPIR and will appear on your remittance advice.
Partial Recoupment Received	An adjustment has been requested and the total amount has not been recouped.
Partial Remittance Received	An adjustment has been processed and a partial recoupment has been made and will appear on your remittance advice.
Aborted	When in this status, all progress has been eliminated for the incentive application and the application can no longer be modified or submitted.
Adjustment Initiated	An adjustment has been lodged with the proper state authority by the provider.
Adjustment Approved	The adjustment has been approved.
Adjustment Canceled	The adjustment has been canceled.
Denied	A determination has been made that the provider does not qualify for an incentive payment based on one or more of the eligibility rules.
Completed	The application has run a full standard process and completed successfully with a payment to the provider.
Cancelled	An application has been set to "Cancelled" status only when R&A communicates a registration cancellation to MAPIR. MAPIR cancels both the registration and any associated application.
Future	This is a status that will be displayed against any application to indicate the number of future applications that the provider can apply for within the EHR Incentive Program.
Not Eligible	This is a status that will be displayed against any application whenever the provider has exceeded the limits of the program timeframe.
Not Started	This is a status that will be displayed against any application whenever the provider has not started an application but MAPIR received an R&A registration and has been matched to an MMIS provider.
Expired	An application is set to an "Expired" status when an application in an "Incomplete" status has not been submitted within the allowable grace period for a program year or when an authorized admin user changes an application to this status after the end of the grace period. Once an application is in an Expired status, the status cannot be changed and it is only viewable to the provider.

## Additional User Information

This section contains an explanation of additional user information, system messages, and validation messages you may receive.

**Start Over and Delete All Progress** - If you would like to start your application over from the beginning you can click the **Get Started** tab. Click the "[here](#)" link on the screen to start over from the beginning.

<b>Validation Message Table</b>
Please enter all required information.
The User ID is already defined in MAPIR.
You must provide all required information in order to proceed.
Please correct the information at the Medicare & Medicaid EHR Incentive Program Registration and Attestation System (R&A).
The date that you have specified is invalid, or occurs prior to the program eligibility.
The date that you have specified is invalid.
The phone number that you entered is invalid.
The phone number must be numeric.
The email that you entered is invalid.
As a hospital based physician you may be required to submit additional documentation to participate.
You must participate in the Medicaid incentive program in order to qualify.
You must select at least one type of provider.
You must select at least one location in order to proceed.
The ZIP Code that you entered is invalid.
The NPI that you entered is not valid.
You must select at least one activity in order to proceed.
You must define all added 'Other' activities.
Amount must be numeric.
You must answer "Yes" to the second question.
You must indicate whether you are completing this application as the actual provider or a preparer.
You must verify that you have reviewed all information entered into MAPIR.
The NPI Number must be numeric and ten (10) digits in length.
The Personal TIN must be numeric and nine (9) digits in length.
Please confirm. You must not have any current sanctions or pending sanctions with Medicare or Medicaid in order to qualify.
You did not meet the criteria to receive the incentive payment.
All data must be numeric.
You must enter at least one search criteria value.
NPI must be numeric and consist of ten (10) digits.
Provider TIN must be numeric and nine (9) digits long.
CCN must be numeric and consist of six (6) digits.

<b>Validation Message Table</b>
Adjustment Amount must be numeric.
Debit Amount must not exceed the Payment Amount.
Amount must not exceed program year limit.
The status that you have selected is invalid for this application.
The user may not be deleted when activity has been performed in MAPIR.
You must enter all requested information in order to submit the application.
The email address you have entered does not match.
You have entered an invalid CMS EHR Certification ID.
You must answer Yes to utilizing certified EHR technology in at least one location where reporting Medicaid Patient Volume in order to proceed.
You must be licensed in the state(s) in which you practice.
You cannot practice in an FHQC/RHC and be an Individual Practitioner's Panel.
You must select Yes or No to utilizing certified EHR technology in this location.
You have entered a duplicate Group Practice Provider ID.
You must enter Yes to voluntarily assigning payment.
You must select a Payment Address in order to proceed.
You must enter the email address twice for validation purposes.
You must be in compliance with HIPAA regulations.
You must be an Acute Care Hospital or a Children's Hospital to be eligible to receive the EHR Medicare Program Payment.
An incentive payment has not been issued at this time.
There are no Payment Addresses on file for your NPI/TIN, please correct this at your state Medicaid Management Information System (MMIS) before continuing with your application.
All amounts must be between 0 and 999,999,999,999,999.
Please select a valid State from the list.
Name must not exceed 150 characters.
You must answer Yes to utilizing certified EHR technology in at least one location in order to proceed.
The amounts entered are invalid.
Amounts entered for Total Charges and Total Charges Charity Care must be between \$0 and \$9,999,999,999,999.99.
You have made an invalid selection.
Numerator cannot be greater than denominator and numerator/denominator cannot be a negative value.

<b>Validation Message Table</b>
The 90 day period you selected did not return any active locations for that time period, please check the 90 day patient volume timeframe.
You must select at least one Public Health menu measure. A total of 5 Menu measures must be selected.
Data entered is invalid and must be a positive whole number.
The number you have entered is invalid, it must be a positive whole number.
You have indicated that you qualify for the exclusion. As a result a numerator and denominator should not be entered.
You must attest to at least one Public Health measure. The measure selected may be an exclusion.
The date you have entered is in an invalid format.
You must exit MAPIR and return, in order to access a different program year incentive application.
You must choose an application.
The time you have entered is in an invalid format.
The selection you have made is not a valid option at this time.
You must select at least 5 menu measures.
You have entered zero as a denominator on one or more of your Core Clinical Quality Measures. Please refer to the instructions on this page for additional information.
You have entered zero as a denominator for the Alternate Clinical Quality Measure selected. Please choose another Alternate Clinical Quality Measure to attest to where it is possible to enter a value other than zero for the denominator. Please refer to the instructions on this page for additional information.
You must select 4 menu measures from outside the Public Health Menu set.
Values entered match the existing cost data on file
The Start Date you have entered was attested to in a previous Payment Year
You may only select yes to one exclusion.
You have not met the minimum number of documents required. Please upload the minimum number of documents required to proceed.
File must be in _____.
File must be no larger than _____.
You must select at least 3 menu measures to proceed.
Your EHR Attestation selection does not match the stage selection made when you started your application.
You may not exclude both Menu Measures 9 & 10.
You may not attest to Menu Measure 9 and exclude Menu Measure 10.
You may not exclude Menu Measure 9 and attest to Menu Measure 10.

Validation Message Table
You have not completed the patient volumes. Please return to the Patient Volume tab to enter patient volumes.
You have not attested to all MU Measures. Please return to the Attestation tab to attest to all required measures.
You must select all menu measures when an exclusion has been claimed on one or more menu measures.
You must answer all Exclusion questions with a Yes or No answer to proceed.
You must enter a CMS Audit Number in order to proceed.
You have selected an Adjustment Reason that does not allow for entering a CMS Audit Number.
The Performance Rate value you entered is invalid, it must be a combination of a whole number and a decimal (for example, "10.0"). The acceptable range for Performance Rate value is 0.0 to 100.0.
The Observation percent value you entered is invalid, it must be a combination of a whole number and a decimal (for example, "10.0"). The acceptable range for Observation percent value is 0.0 to 100.0.
Full Year is not a valid option for Program Year 2014. Please select the 90 day option.
You have excluded both Public Health measures. Please select 5 Menu measures from outside the Public Health Menu set.
You have selected to exclude a Public Health measure. Please attest to the remaining Public Health measure.
The Patient Volume 90 day date range is no longer valid.
Delay reason must be 500 characters or less.
ONC Service is unavailable
You have entered an invalid CMS EHR Certification ID for the current "Health Information Technology: Standards, Implementation Specifications, and Certification Criteria for Electronic Health Record Technology Rule"
This adjustment is no longer available.
You cannot begin a new incentive application while a multi-year adjustment is pending.
You must select at least two Required Public Health Options to proceed.
You must select at least one Required Public Health Option to proceed.
You have indicated that the Measure does not apply to you. As a result, you may not select an Active Engagement option.
You may only select Yes to one of the Exclusions.
You may only select one Active Engagement Option.
You have selected to exclude a Public Health Option. Please attest to the remaining Public Health Options.
You must select Option 3A to select Option 3B.

<b>Validation Message Table</b>
You may only select two Alternate Exclusions for the Public Health Objective.
You must attest to Option 3A before attesting to Option 3B.
You cannot select Option 3B as you have not answered Yes to Option 3A.
You cannot select No to indicate that this option does not apply to you, as you have previously attested to Objective 10 Option 3B.
You must select at least three Required Public Health Options to proceed.
You must select Option 3A to select Option 3C.
You must attest to Option 3A before attesting to Option 3B or Option 3C.
You cannot select Option 3C as you have not answered Yes to Option 3A.
You cannot select No to indicate that this option does not apply to you, as you have previously attested to Objective 9 Option 3B or Option 3C.
You may only select three Alternate Exclusions for the Public Health Objective.
You may not attest to the Clinical Quality Measures topic.
You must attest to Option 3A before attesting to Options 3B.
You cannot attest to Option 3B as you have not answered Yes to Option 3A. Please return to the selection screen and uncheck Option 3B.
You must select Option 3A to select Option 3B, 3C or 3D.
You must attest to Option 3A before attesting to Options 3B, 3C or 3D.
You cannot select Option 3B, 3C or 3D as you have not answered Yes to Option 3A.
You cannot Clear All Entries as you have previously attested to Objective 8 Option 3B.
You cannot select No to indicate that this option does not apply to you, as you have previously attested to Objective 8 Option 3B, 3C or 3D.
You must select Option 4A to select Option 4B.
You cannot select No to indicate that this option does not apply to you, as you have previously attested to Objective 8 Option 3B.
You cannot select No to indicate that this option does not apply to you, as you have previously attested to Objective 8 Option 4B.
You must attest to Option 4A before attesting to Option 4B.
You cannot select No to indicate that this option does not apply to you, as you have previously attested to Objective 8 Option 4B, 4C or 4D.
You must select at least four Required Public Health Options to proceed.
You cannot attest to Option 4B as you have not answered Yes to Option 4A. Please return to the selection screen and uncheck option 4B.
You must select Option 4A to select Option 4B, 4C or 4D.
You must attest to Option 4A before attesting to Options 4B, 4C or 4D.

<b>Validation Message Table</b>
You cannot select Option 4B, 4C or 4D as you have not answered Yes to Option 4A.
You cannot Clear All Entries as you have previously attested to Objective 8 Option 4B.
You must attest to Public Health Option 3B.
You must attest to Public Health Option 4B.
You must attest to Public Health Option 5B.
Please select a Program Year.
You must select Option 5A to select Option 5B, 5C or 5D.
You must attest to Option 5A before attesting to Options 5B, 5C or 5D.
You cannot select Option 5B, 5C or 5D as you have not answered Yes to Option 5A.
You must select Option 5A to select Option 5B.
You must attest to Option 5A before attesting to Option 5B.
You cannot select No to indicate that this option does not apply to you, as you have previously attested to Objective 8 Option 5B.
You cannot Clear All Entries as you have previously attested to Objective 8 Option 5B.
You must select all 16 Clinical Quality Measures to proceed.
You must select a minimum of 6 Clinical Quality Measures to proceed.
You cannot attest to Option 5B as you have not answered Yes to Option 5A. Please return to the selection screen and uncheck option 5B.
You have not successfully attested to two Public Health options therefore you may not claim an exclusion for Option B.

## Hover Bubble Definitions

<THE FOLLOWING IS A LIST THE HOVER BUBBLES IN MAPIR. THIS LIST SHOULD BE REPLACED BY STATES WITH AN UPDATED LIST THAT INCLUDE THAT STATE’S CUSTOMIZED HOVER BUBBLES.>

Screen/Panel Name	Field Name	Response	Hover Bubble Verbiage
MAPIR Dashboard	Stage	Display Field	The Stage refers to the adoption phase or meaningful use stage/EHR reporting period (except for dually eligible hospitals) that applies to a given application.
	Status	Display Field	Status of the incentive application
	Payment Year	Display Field	The payment year is designated as a sequential number starting with payment year 1 up to the maximum number of payments for the program
	Program Year	Display Field	The 4 digit year within which a provider attests to data for eligibility for a payment. For an EP this is the Calendar year (January thru December). For an EH it is the Federal Fiscal Year (October thru September). Valid Program Years are 2011-2021.
	Incentive Amount	Display Field	The incentive amount that was paid for a particular application for the specified program and payment year. This includes initial and all adjustment amounts.
Eligibility Questions Part 1 of 2	Please confirm you are choosing the Medicaid incentive program.	Yes/No Radio Buttons	When you registered at the CMS registration and attestation site, you indicated that you are applying for the Medicaid EHR Incentive payment in this state, please confirm
	Do you have any current sanctions or pending sanctions with Medicare or Medicaid in <state>?	Yes/No Radio Buttons	The temporary or permanent barring of a person or other entity from participation in the Medicare or State Medicaid health care program and that services furnished or ordered by that person are not paid for under either program. See 42 CFR Ch. IV § 402.3 Definitions in the current edition
	Is your facility currently in compliance with all parts of the HIPAA regulations?	Yes/No Radio Buttons	All providers must be in compliance with the current Health Information Portability and Accountability Act (HIPAA) regulations. Current regulations can be reviewed at <a href="http://www.hhs.gov/ocr/privacy/">http://www.hhs.gov/ocr/privacy/</a>
Patient Volume (Part 2 of 3) - Location	Is your facility licensed to operate in all states in which services are rendered?	Yes/No Radio Buttons	Eligible hospitals must meet the state law licensure requirements of the state issuing the EHR incentive payment
Patient Volume	Provider ID	Display Field	Configurable by state

Screen/Panel Name	Field Name	Response	Hover Bubble Verbiage
(Part 2 of 3) – Location	Available Actions	Buttons	Edit/Delete actions are only presented when rows have been added. Review the information for the Provider ID/Location/Address entered. Validate what was entered is accurate. Click Edit to modify the information. Click Delete to have the Provider ID/Location/Address removed from the list
Patient Volume (Part 2 of 3) - Location  Add Location screen	Location Name	Enterable	Enter the legal entity name for the location being added
	Address Line 1	Enterable	Enter the service location's street address. Example: 55 Main Street. This cannot be a Post Office Box number
Patient Volume (Part 2 of 3) - Enter Volume	Provider ID	Display Field	Configurable by state
	Medicaid Discharges (In State Numerator)	Enterable	For the continuous 90-day period, the number of inpatient plus ER/ED discharges where any services were rendered on any one day to an individual enrolled in an eligible Medicaid program. In-State means the State to which you are applying for an incentive payment
	Other Medicaid Discharges (Other Numerator)	Enterable	For the continuous 90-day period, the number of inpatient plus ER/ED discharges where any services were rendered on any one day to an individual enrolled in an eligible Medicaid program, not included in the In-State Numerator
	Total Discharges All Lines of Business (Denominator)	Enterable	Total number of inpatient plus ER discharges for all In-State and Out-Of-State patients regardless of health insurance coverage for the selected continuous 90-day period for each location selected
Hospital Cost Report Data (Part 3 of 3)	Total Discharges	Enterable	For each reporting fiscal year, enter the total number of inpatient discharges for all patients regardless of health insurance coverage for each location listed
Hospital Cost Report Data (Part 3 of 3)	Total Inpatient Medicaid Bed Days	Enterable	For the most current fiscal year listed, the number of total inpatient bed days where any services were rendered on any one day to an individual enrolled in an eligible Medicaid program
	Total Inpatient Bed Days	Enterable	Total acute care bed days for all services regardless of health insurance coverage
	Total Charges - All Discharges	Enterable	Total charges for all services regardless of health insurance coverage

Screen/Panel Name	Field Name	Response	Hover Bubble Verbiage
	Total Charges - Charity Care	Enterable	Total charity care for all inpatient services regardless of health insurance coverage
Attestation Phase (Part 1 of 3)	Adoption:	Radio Button	Eligible Hospital has financial and/ or legal commitment to certified EHR technology capable of meeting Meaningful Use.
	Implementation:	Radio Button	Eligible Hospital is in the process of installing certified EHR technology capable of meeting Meaningful Use.
	Upgrade:	Radio Button	Eligible Hospital is expanding the functionality of certified EHR technology capable of meeting Meaningful Use
	Meaningful Use:	Radio Button	Eligible Hospitals that have attested to AIU in the past will need to select MU. Eligible Hospitals may select MU in their first incentive payment year
Attestation Phase (Part 1 of 3)	Meaningful Use – 90 Days	Radio Buttons	You may apply using the Meaningful Use (MU) 90 day if you have been utilizing EHR technology for a continuous 90 day period within the current Federal Fiscal Year, and if you have not attested to 90 days of MU in a previous program year. In Program Year 2014, all MU periods are 90 days.
	Meaningful Use – Full Year <b>(Stage 1)</b>	Radio Buttons	You must apply using the Meaningful Use Full Year if you have attested to 90 days of Meaningful Use in the previous program year, and you must be utilizing EHR technology for the entire current Calendar year
	Meaningful Use – Full Year <b>(Stage 2)</b>	Radio Buttons	You must apply using the Meaningful Use Full Year if you have attested to 90 days of Meaningful Use in the previous program year, and you must be utilizing EHR technology for the entire current Federal Fiscal year.
Attestation Meaningful Use Measures	Do at least 80% of unique patients have their data in the certified EHR during the EHR reporting period?	Radio Buttons	A unique patient is defined as a patient who has been seen multiple times in an EHR reporting period, but is only allowed to be counted once
Attestation Phase (Part 3 of 3)	Please confirm that you are either an Acute Care Hospital with an average length of stay of 25 days or fewer, or a Children's Hospital	Yes/No Radio Buttons	A Children's hospital is a separately certified children's hospital either freestanding or hospital-within-hospital and has a CMS certification number (previously Medicare Provider number) with the last 4 digits in the series 3300-3399 and predominantly treats patients under 21 years of age
	Provider ID	Display Field	Configurable by state

Screen/Panel Name	Field Name	Response	Hover Bubble Verbiage
	Additional Information	Display Field	Configurable by state
Application Submission (Part 2 of 2)	Preparer Relationship:	Enterable	Enter the relationship the Preparer has with the Eligible Hospital
Hospital Attestation MU Selection Phase (Part 1 of 3)	Meaningful Use (90 days)	Radio Buttons	This option allows you to attest to a continuous 90 day period of meeting Meaningful Use measures.
	Meaningful Use (Full Year)	Radio Buttons	This option is for attesting to Meaningful Use for a full year.

## Acronyms and Terms

Acronym/Term	Definition
CCN	CMS Certification Number
CHIP	Children's Health Insurance Program
CHPL	ONC Certified Health IT Product List
CMS	Center for Medicare and Medicaid Services
EH	Eligible Hospital
EHR	Electronic Health Record
EP	Eligible Professional
MAPIR	Medical Assistance Provider Incentive Repository
NPI	National Provider Identifier
ONC	Office of the National Coordinator for Health Information Technology
Program Switch Incentive Application	The first incentive application from an EH that has switched from Medicare or Dually Eligible to Medicaid or from Medicaid to Medicare or Dually Eligible.
R&A	CMS Medicare and Medicaid EHR Incentive Program Registration and Attestation System
State-To-State Switch Incentive Application	The first incentive application from an EH that has switched from one state to another.
TIN	Taxpayer Identification Number
